

Time and Motion Study: Large Supermarket

Checkmate provides companies with an integrated compliance solution for any piece of plant or machinery requiring a regular audit and uses NFC technology.

It is an android-based app which is fully customisable to any machine type and reporting requirements with a check frequency that can be set anywhere between every 30 min to monthly.

OVERVIEW

139 assets tested on a daily or weekly basis which covered:

- Mobile delivery
- Storeroom assets
- Liquor cages
- Checkouts
- Chilled and frozen assets

SAVINGS

Weekly

19 hours

By supervisor

Average

4min 30sec

Per audit

Total

29.42 hours

Per week

Paper System

7,228

Sheets per year

*Assumption of hourly rate of \$22.50 equaled a saving of \$661.95 per week or \$34,421.40 a year.
