

# Small Site Comparison

**Checkmate provides companies with an integrated compliance solution for any piece of plant or machinery requiring a regular audit and uses NFC technology.**

**It is an android-based app which is fully customisable to any machine type and reporting requirements with a check frequency that can be set anywhere between every 30 min to monthly.**

---

## OVERVIEW

Sites that complete up to 20 audits a week are considered a small site and the Checkmate solution offers them significant savings in time and money.

It allows these sites to complete audits quickly and easily, consolidate the audits in one place, reduce paper waste and turn the focus from compliance to process improvement.

## COMPARISON

Paper System

Checkmate

Annual Saving

### // TRAILERS

7 checked daily 2,548 checks per year	3 min per check 127.4 hours per year	2 min per check 4.93 hours per year	<b>42.47 hours</b>
--	---	--	--------------------

### // RACKING: STORE

8 checked weekly 416 checks per year	4 min per check 27.7 hours per year	2 min per check 13.86 hours per year	<b>13.84 hours</b>
---	--	---	--------------------

### // MOBILE PLANT

4 checked daily 2,548 checks per year	7 min per check 169.86 hours per year	4 min per check 97.06 hours per year	<b>72.80 hours</b>
--	--	---	--------------------

### // REPS VEHICLE

6 checked weekly 624 checks per year	5 min per check 26 hours per year	3 min per check 15.6 hours per year	<b>10.4 hours</b>
---	--------------------------------------	--	-------------------

### // TOTAL

<b>350.96 hours</b>	<b>206.25 hours</b>	<b>\$3,255.98*</b>
---------------------	---------------------	--------------------

\*Financial saving based on time costs (based on wage rate of \$22.50)

## OUTCOMES

- **Total printed paper:** 1,600 sheets used + reporting sheets used 250 sheets.
- **Average reported defects per week:** 2 issues v Checkmate 12 issues improving engagement.
- **Reporting time** taken using paper system 1.6 hours per month v Checkmate nil as automated.
- **% of checks achieved** using paper system 92% v 100% using Checkmate.
- No machinery missing WOF dates so zero machinery down time.
